REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach and/or suggest a method of determining an amount of cathodic protection current to be applied to an underground metallic structure in contact with an underground earth formation, where the structure extends underground through a corrosive zone of the formation, wherein the method included mechanically connecting a first current meter above the corrosive zone and a second current meter below the corrosive zone and connecting a master current meter to a structure near the earths surface and operating the master current meter at select time intervals to obtain measurements of the first and second currents from the first and second current meters simultaneously and determining the amount of cathodic current to apply to the structure in the corrosive zone based on those measurements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bruce F. Bell whose telephone number is 571-272-1296. The examiner can normally be reached on Monday-Friday 6:30 AM - 3:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Barr can be reached on 571 272-1414. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
